THANK YOU for planning to participate in LifePath's 30th annual Walkathon by collecting donations in support of underfunded programs that offer options for independence for local elders, persons with disabilities, and their caregivers.

As you engage with your community, family and friends, please share that funds raised through the 2022 LifePath Walkathon are critically needed to support LifePath's broad array of programs and services including Meals on Wheels, In-Home Services, Benefits Counseling, Protective Services, SHINE, Healthy Living, Money Management, and more. **By supporting LifePath and those we serve in this way, you make independence an option in every way possible.**
