Information & Caregiver Resource Center (ICRC)

The ICRC is the first stop on the way to your solution. Resource Consultants can provide you with expert advice on available area programs, services, and resources. Tell us your specific needs so you can learn about your options.

Volunteer Opportunities

Contribute your time and expertise to serve older adults and individuals with disabilities. Meet new people and engage in rewarding experiences while giving back to the community. We welcome any number of days or hours that fit your schedule.

Giving Opportunities

Donors honor our mission in so many ways, through gifts to our annual appeals, community fundraisers, memorials, and gifts in honor of loved ones. Planned gifts such as bequests and in-kind donations are valuable ways to secure our future.

At LifePath, we listen first, and then help each person find the best options for their unique needs. We help older adults and individuals with disabilities maintain independence in their own homes and communities. We help caregivers find resources and support.

We believe all people have a fundamental right to maintain their quality of life, dignity, and independence, as valued members of our communities. Our guiding principles are choice, inclusion, well-being, community, stewardship, and social action.

LifePath, a private, nonprofit corporation, has served Franklin County, Athol, Petersham, Phillipston, and Royalston for 50 years. Some of our programs are available in Hampden, Hampshire, Berkshire, Worcester, and Middlesex counties. We are an Area Agency on Aging and Aging Services Access Point funded in part by the Executive Office of Elder Affairs.

LifePath is committed to diversity in employment practices and service delivery. Our agency prohibits discrimination and takes affirmative action to serve people in our community with fairness and respect. We recognize that differences among people may be barriers to inclusion. These differences include race, physical appearance and ability, sex, age, language, nationality and ancestry, class, religious and political beliefs, marital status, sexual orientation, and gender identity. We welcome and value all people, and we dedicate our agency to an ongoing effort to achieve the goal of greater diversity among our employees, consumers, and others whom we serve.

Support for Older Adults and People with Disabilities

You want to remain in the place that you call home. We'll give you options to maintain independence, dignity, and quality of life.

Our services can help you:

- Understand and choose your care options
- Obtain in-home care and other supports
- Better manage your care with case management assistance
- And more!

Support for Caregivers

You care wholeheartedly and do so much, but sometimes it's hard to do it all. We'll help you find resources to help.

Our services can help you:

- Take a break from your caregiving duties and get support for your loved one
- Learn more about providing care for your loved one as well as yourself
- Find support from other caregivers
- And more!

Envisioning an Age-Friendly Future

LifePath convenes groups to plan and implement improvements in how our community supports aging in place, including:

- Creating Age- and Dementia-Friendly communities
- Projects supporting health equity
- Intergenerational programming

We support communities and systems that are informed, responsive, and inclusive.

"My mother-in-law had a stroke and needed a lot of care. LifePath provided someone to be with her and give her the care she needed—the respect she needed. She was able to stay home because of the care they gave."

"I could tell that they were professional and skilled at building trust and genuinely connecting with people with dementia while expertly assessing their safety and cognition."

"All the services have helped me have a better day."
