THANK YOU for planning to participate in LifePath's Walkathon by collecting donations in support of underfunded programs that offer options for independence for local older adults, individuals with disabilities, and caregivers.

As you engage with your community, family and friends, please share that funds raised through the 2023 LifePath Walkathon are critically needed to support LifePath's broad array of programs and services including Meals on Wheels, In-Home Services, Benefits Counseling, Protective Services, SHINE, Healthy Living, Money Management, and more. **By supporting LifePath and those we serve through this effort, you make independence an option in every way possible.**
