

# Dental Coverage Options in Massachusetts

UPDATED OCTOBER 2022

# Dental Coverage Options in Massachusetts

Updated 10/2022

## Medicare

**Original Medicare:** Medicare does not pay for routine dental care (ex. fillings/root canals). Medicare can help pay for services of a dentist only if the medical problem is more extensive than the teeth or the structures supporting them (ex. removal of foreign bodies such as soft tissue tumors, bone removal, surgery for the lip or tongue, fracture of the jaw).

For more information, call 1-800-MEDICARE.

**Medicare Advantage/Medigap Plans:** Plans may cover some limited dental services (e.g. preventive dental checkups) in addition to the basic benefits covered under original Medicare. Check with the individual plan to learn more about what they may cover.

## MassHealth

**MassHealth:** Limited dental services may be available to MassHealth members. For fillings or other restorative dental treatments, MassHealth members should contact a local Community Health Center dental program.

For information about what services are covered and a list of dentists in their area accepting MassHealth patients, members may contact MassHealth Dental Customer Service at 1-800-207-5019 or go online at <http://masshealth-dental.net> for a list of providers.

## Senior Care Options (SCOs)

**Senior Care Options (SCO):** These plans provide comprehensive dental coverage. To qualify for a SCO plan individuals must reside in the service area of the plan, be aged 65 and older, and qualify for MassHealth Standard. For more information contact the Senior Care Options division at 1-888-885-0484.

## Community Health Centers (CHCs)

**Massachusetts Community Health Centers:** Many CHC's provide a wide range of dental services for Massachusetts residents with and without insurance. CHC's accept most forms of insurance, including MassHealth, Health Safety Net, as well as private insurances. A sliding-fee schedule is also available for those residents who are low income. For Health Safety Net: Must fill out a MassHealth application and use a Community Health Center to be covered.

For more information and locations, call the Office of Oral Health at 617-624-5943 or the Mass League of CHC's at 617-426-2225.

## Massachusetts HealthConnector

**Individual (Non-Group) Dental Plans:** Dental insurance is available to Medicare beneficiaries through the Health Connector which is the Massachusetts health and dental insurance marketplace. Standardized dental plans are offered by Altus Dental and Delta Dental and include both a Basic and Enhanced coverage plan. The dental plans are not subsidized.

All Health Connector dental plans cover preventive services, such as regular cleanings, extractions, sealants, diagnostic services such as x-rays, and basic restorative services such as regular fillings. Enhanced coverage plans include all preventative and basic restorative coverage plus more comprehensive coverages such as crowns, bridges, and dentures. Every plan has an annual benefit maximum (which may vary) and no out-of-pocket maximum.

To learn more about the available plans, find a dentist covered by a plan or enroll in a plan, call the Massachusetts Health Connector at 1-877-623-6765 or go online at [mahealthconnector.org](http://mahealthconnector.org)

## VA Medical Centers

**VA Medical Centers:** The VA provides comprehensive dental care for eligible veterans. Eligibility will be determined by the medical eligibility personnel at each of the local VA Hospitals.

For more information, contact the VA New England Health Care System 781-687-2000

## University/College Dental Programs

**University/College Dental Programs:** Discounted services are provided by students supervised by faculty, typically at one-third to one-half of private practice costs. Some schools accept MassHealth insurance. Services provided may include general dentistry, dental hygiene, periodontics, dentures. Many community colleges offer discount services (cleanings and x-rays only) through the Dental Hygienist Program.

Springfield Technical Community College Dental Hygiene Clinic	1 Armory Square	Springfield	413-755-4900

## Dental Savings Plans

A Dental Savings Plan is not dental insurance. When joining a Dental Savings Plan, consumers will get reduced rates (usually between 10% and 60%) on many dental procedures from a network of participating dentists. The reduced rate is paid directly to the dentist at the time of service. Plan members pay an annual fee for access to these discounts. Some of these plans offer discounts on other types of benefits, including hearing and vision. Most plans have no waiting period for services and no coverage cap.

Prices shown below are estimates for individual plans as of October 2022 and are subject to change. Further discounts may be available if plans are purchased through plan broker sites such as [www.dentalplans.com](http://www.dentalplans.com) or [www.dentalsavings.webmd.com/](http://www.dentalsavings.webmd.com/) but additional one-time set-up fees may also apply.

For current prices and information on which plans are offered in your area, you can access quotes at the website links below or call the plans directly.

## Dental Savings Apps

(Apps available in the Apple and Google Play stores)

	<p><b>Chewsi</b> © helps you save on every dental service, every time, through a free smartphone app</p> <p>Just download the app and register, call for a dental appointment, and use Chewsi to pay and save an average of 20 to 30% (savings vary by dentist and service) on dental services — from cleanings, x-rays and fillings to crowns, dentures and implants. No exclusions or restrictions, and no monthly or annual fees.</p> <p>Tel: 855-624-3974 <a href="http://www.ChewsiDental.com">www.ChewsiDental.com</a></p>
	<p><b>1Dental</b> is affiliated with the Careington discount dental savings plans.</p> <p>1Dental members will find many benefits within the app that make using their dental savings plan easier. They can access account information, find dentists nearby, pull up guaranteed discounts with the plan at the dentist, contact customer care and more. There is a tiered membership fee to join the plan.</p> <p>Tel: 855-455-1862 <a href="https://www.1dental.com/">https://www.1dental.com/</a></p>
