We can help!

At LifePath, we listen first, and then help each person find the best options for their unique needs. We help elders and persons with disabilities maintain independence and quality of life in their own homes and communities. We help caregivers to find relief and help loved ones to choose the right path.

For over 40 years, we've been offering options for independence. We welcome all people regardless of race, physical appearance or ability, sex, age, nationality or ancestry, class, religious or political beliefs, marital status, sexual orientation, or gender identity.

LifePath, a private, nonprofit corporation, serves Franklin County plus Athol, Petersham, Phillipston, and Royalston. Some of LifePath programs extend into Berkshire, Hampden, Hampshire and Worcester counties.

LifePath, Inc., is an Area Agency on Aging and Aging Services Access Point funded in part by the federal Older Americans Act, Executive Office of Elder Affairs, Massachusetts Council on Aging, MassHealth Office of Long-Term Care, United Way of Franklin County, and other sources both public and private. LifePath is operated by a local volunteer board of directors, a majority of whom are, by law, elders. As an AA/EOE employer, LifePath does not discriminate in program admissions, access, services, or employment practices.

How the Information & Caregiver Resource Center (ICRC) Can Help

Resource consultants respond to calls from elders, caregivers, families, and area professionals in search of resources available locally and nationwide. Resource consultants can assist with connecting individuals to the appropriate services for every situation.

ICRC can help you navigate the social services network.

Search www.800ageinfo.com or call 1-800-AGE-INFO (1-800-243-4636) for information and services for Massachusetts elders and their families.

“Without all the services that LifePath provides, it would be difficult for a lot of families to take care of their loved ones.”
